Hi Margaret,

I want to propose that our next manager meeting is the last week in January. Our preferred days that week are in this order: Wednesday, Tuesday, Thursday, Friday. We will probably take the morning train, so a 1-3pm meeting works well for us. Please let us know what date will work best for the LWG managers. We can develop an agenda later, for now let's secure a date.

Also, per my prior message, please let Kristine Koch know if the LWG would like to meet with Dan re: questions on his dispute decision, and she can see that it gets scheduled. It is also important for Bob Wyatt and the technical team to be talking with Kristine about a detailed schedule of work/ information exchange to meet the 60 day schedule that Dan set out in his decision for LWG's delivery of the BHHRA.

Thank you.

Lori
